Subject: Fwd: Attorney General John Ashcroft Letter

Dear Mr.Ashcroft,

Please get on with this suit and let it be settled now.I feel that it is in the best interest to focus on other matters,that are more important than this issue,like the ENRON PROBLEM,which has effected all middleclass workers,who were going to retire on that now are worthless and bankrupt now.I feel that Microsoft has done everything to work with the Justice Department and the US Government.

Sincerely,
